Coursework

GRADUATE
• Database Management System
• Data Structure
• Computer Networks
• Operating System
• Data Science
• Software Testing
• Artificial Intelligence and Machine Learning

Skills

PROGRAMMING
• Java
• Python
• C

TOOLS
• ComputerVision
• HTML/CSS • Javascript
• ReactJS • MySQL
• JDBC • Figma

Softskills

• MultiTasking
• Communication
• Problem Solving

Certification

• Artificial Intelligence with Machine Learning in Java in Oracle Academy.
• SQL Certificate from SkillRack.

Projects

WEATHER APP
Using ReactJS
- Created a weather app using ReactJS that works well on different devices.
- Used an API to show real-time weather updates.Added features like location search and live weather changes.

GITHUB USER SEARCH APP
Using JS
- Developed a dynamic GitHub User Search application using HTML,CSS,JavaScript,integrating GitHub's REST API to fetch and display name,location and repository count.

PAN CARD GENERATOR
Using Java
- Developed a Java application that generates unique PAN numbers based on user input and predefined rules.

ARDUINO PROJECT
Using UNO
- Developed a project using arduino UNO board ,ultrasonic sensor and servo motor.

Competitions

Top Coders
📅 18th-march-2023   📍 Trichy,TN
- I had participated in **TOP CODERS' 23**.A National Level Battle for Programming Supremacy which was organized by sudharsan Engineering College in association with E-box coimbatore.

Accenture Innovation challenge
- we are a team of four members had participated in the **Accenture Innovation Challenge 2023!** It was an incredible experience to collaborate and innovate with talented individuals

Internship

DATAVISS ANALYTICS LLP
Machine Learning
📅 Jan 2024 – April 2021   📍 Chennai,TN
In the role of Machine Learning Development support Intern using python framework and using computer vision to annotate images at Dataviss Analytics Pvt Ltd.

JAVA INTERNSHIP
kaashiv Infotech and Arsus solution
I learned intermediate code in Java and exploring how to solve problems with it!

Workshops

ARDUBOTICS-ROBOTICS
Arduino based Robotics
It was a two days workshop.It is an outreach workshop by an Technex'23,IIT Varnasi.

CYBER CRIME INVESTIGATION CUM CHALLENGE
cyber based workshop
It was conducted by Bored Monk Cyber Crime Consultancy
